

**Vacancy: Senior IP Network Engineer****Code: IPNE001****Location: Kabul****Job Description**

Seeking Senior IP Network Engineer/Architect to design, implement, and maintain standard to complex IP solutions meeting customer demands. Develop and implement IP Network Optimization solutions that enable the rollout of new IP products/services and cost reduction. Constant review of existing network practices, including standardizing configurations and implementation strategy for border, core, and provider edge routers is expected. The Senior IP Network Engineer is the subject matter expert on all IP products and services, including VoIP, MPLS, RIP, BGP, EIGRP, OSPF, MPLS, SSL and IPVPN networking. Candidate is also responsible for developing network design, test, and implementation practices that ensure the highest possible network reliability. He or she will also develop and execute training for less experienced teammates. The candidate must be capable of working independently as well as taking directions to accomplish both short term and long-term goals. In depth data network design and engineering knowledge required for this position.

**Skills:**

Candidates will need in depth knowledge of the IP as a whole, IPVPN, IPSAT, QoS, BGP, OSPF, VoIP, IP Telephony and a working knowledge of transport networks. Strong working knowledge of a variety of vendor class switches, routers, and CPE; specifically Cisco, Juniper, gatekeepers, Bandwidth Managers, Filtering equipment and others. RANA Technologies offers a competitive set of employee benefits designed and chosen specifically to attract and retain exceptional employees. In addition to our excellent benefit offerings, RANA Technologies offers the opportunity to work in the dynamic environment of a quickly growing company surrounded by interesting colleagues.

**Qualification:**

Candidates must have university degree in the field of IT/Electronics/Computers. Must have CCNA, CCNP, CCIE, MCSE certifications. Must have strong command of the English language, Dari, and Pashto. Must be willing to travel around the country when need be. Candidate should be willing to work extend hours when required.
